

Spot anything unusual?

Share with **REDMAP** your photos of marine life that aren't usually found at your local fishing, swimming or diving spots.

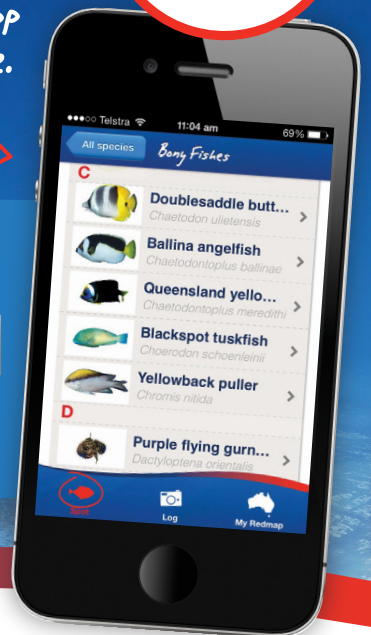

Help REDMAP track marine species that may be shifting into new areas in response to changes in your local seas, such as ocean warming.

Check out all the fish, rays, sharks, octopus, turtles and more spotted by Australians around the country at:

Snap and log your sighting using our App on your smartphone.

Download the **FREE** App at:
